Bulletin 10-01

SUBJECT: 2010 ASN Canada FIA National AutoSlalom
Regulations
Effective Date: April 7, 2010

The ASN Canada FIA National SoloSport Committee has approved the following changes and additions to the 2010 ASN Canada FIA National AutoSlalom Regulations which will take effect April 7, 2010.

#1 4.5.1 & 4.5.2 Helmets: Replace the present wording in 4.5.1 and 4.5.2 with the following:

*4.5.1 Helmets meeting the following FIA standards are approved for use in AutoSlalom:
FIA 8860-2004;
Snell 2000 SA or 2005 SA;
Snell 2000 M or 2005 M
SFI Foundation 31.1A, 31.2A or 31.1/2005
British Standards Institution BS 6658-85 type A/FR (expires Dec 31, 2013)*

4.5.2 Snell 2000 M or 2005 M rated helmets are not acceptable for vehicles equipped with a roll cage, racing slicks or where the vehicle is classified as Modified. These drivers require a helmet which meets one of the FIA, Snell SA, SFI or BSI standards listed above.

#2 7.2 Stock Category: The reference in 7.2 should be *Section 12* not Section 11.

#3 7.8 Wheels: Replace the present wording in 7.8.5 with the following:
7.8.5 Offset- measurement remains within +/- 0.25 inches based on the closest millimeter equivalent.

#4 Appendix A: AutoSlalom Vehicle Classification
