

Canadian Karting Regulations BULLETIN 2017-01 Book 2 Technical Regulations

SUBJECT: Competition Numbers and Number Panels

EFFECTIVE DATE: May 1, 2017

The updated Regulation will be strictly enforced.

Replace Existing Regulation with:

8.26 Competition Numbers and Number Panels

The numbers shall be black on a yellow back-ground, and they shall be at least 15 cm high and have a 2 cm thick stroke and represented with an Arial type font. The competition number shall be bordered by a yellow background of 1 cm minimum.

Four number panels displaying the numbers that the kart is registered under must be fitted for all track sessions.

One located at the front/center of the kart, the numbers visible from the front, either mounted on the front bumper or the steering column fairing.

One located on each vertical side pod/panel, towards the rear of the bodywork as close as possible to the rear wheels.

One located on the rear of the kart visible and readable, from a position behind the Kart.

If number plates are used they must have rounded corners (diameter of rounded corners 15 to 25 mm). They shall be flexible and made of opaque plastic. They shall always be visible (fixation without a possible displacement).

In each class each kart must have a unique number with a maximum of three digits (001 – 999) made up of numerals (1, 2, 3 etc.) only. No letters (A, B, C etc.) will be allowed.
