These regulations are a guide to further general safety and in no way a guarantee against injury or death to participants, spectators or others.

No express or implied warranties of safety or fitness for a particular purpose shall be intended or result from the publication of or compliance with these Regulations.

These regulations are intended to assist in the conduct of national competitions.

ASN territories and regions may adopt these regulations for use within their jurisdictions if they choose to do so including the sole responsibility for the administration thereof.

Go-karts are not allowed in SoloSport competitions.

## APPENDIX J - BUMPING ORDER

The progression of the ladies bumping order shall be: if there is only one competitor in a Ladies Class, that competitor shall move to the parallel Open Class. If a class is still not formed, the competitor should then be bumped into the next appropriate Ladies Class (see diagram). If a class has still not been formed, the competitor should again be bumped to the appropriate Open Class. This movement would continue until a class is formed.

Example: CSL entrant(s) bump to CS, then CSL entrant(s) to BSL, then CSL entrant(s) to CS, then CSL entrant(s) to ASL, etc. Also, Ladies Class entrants should be bumped first to create a class. Example: If there is only one entrant in each of the three classes CS, DS, and DSL, the entrant in DSL would be bumped into DS first to form a DS class and the CS entrant would then be bumped upward into BS (i.e., it would not be correct to bump the DS entrant into CS before considering the DSL entrant).

Proceed left to right following the arrows, until a class is formed. Where two bumping paths come together (including Ladies-to-Open bumps), all bumps up to the joining point should be done before continuing along the bump path.
