Briggs & Stratton Cadet

“There is no question that winning a coveted ASN Championship flag and taking the champions lap of honour reflects the highest level of Canadian kart racing accomplishment for both the driver on the track and the tuner in the pit”, stated ASN’s Paul Cooke.

“What lingers in my mind” said Paul, “ is how the event was described in 2017 by multi-champion Jonathan Treadwell just after his lap of honour and standing P1 position on the podium”.

Said Jonathan,,,”Karting has been a major part of my life, defining who I am as a person. Involving myself in the National Championship, is an opportunity to utilize the dedication my family, my teammates and I have submitted to our passion. A chance to entertain the many spectators that have attended and supported our sport over the years. All the drivers have worked so hard to refine their talents and compete at this level as it has become nothing short of a privilege to compete with them.

A major part of my life since 2003, karting is a way of life. The excitement of a close race, the honour of competition on a National level and the close friends I have acquired have all contributed to who I am today. I feel a sense of accomplishment, not only from finishing well or winning but also from sharing the experience with my fellow competitors”.

“Come race with us and feel the thrills...”
